

Our Nation is Currently Without a Qualified Leader

Barack Hussein Obama is not constitutionally qualified to be our President. He is not a natural born citizen, which our Constitution unequivocally requires for all Presidents. Obama is a radically anti-American, anti-White, Islamo-Marxist who represents a hate-based political ideology. The Obama regime represents the destruction of all that is good in our society. He is not our President. He is a tyrant, and he will be made to step down politically by the People. May God empower us with the wisdom to restore true and honest leadership in our nation today.
